

3/30 -1

Administrivia

- Project 1

- Project 2 everyone in a group - Milestones

TODAY
FRIDAY
NEXT WEEK

QUESTIONS

Looking Ahead

Weds - reading / demos → Lack of core readings

Mon - motion graphs ← should do more reading - but at least minimums
Weds - open lab . discussion

Mon - blending ←

FRIDAY -

What did you learn?

What did you want to know?

DATA AS SIGNALS

$q(t) \Rightarrow$ pose $\Rightarrow$ interpretation

↑
point cloud, skeletal hierarchy, lots of other possible stuff
blend weights, muscle activations, ...

BVH file - data i model
